

THE COMPOSITIONS OF KAI WINDING.

Listed below are the registered compositions of Kai. To compile this overview I have used copies of two lists: one is a copy of the official ASCAP list, the other a handwritten list which was made by Kai. The official list was updated by Kai on December 4 1981. I received the handwritten list on October 11 1982.

Some notes on the list:

- The first column gives the title. If there are alternative titles known they are listed also.
- The second column gives the year of composition as listed by ASCAP.
- The third column gives the publisher as listed by ASCAP.
- The fourth column gives date of registration if this is different from year of composing.
- The fifth column gives registration number or additional information.
